RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Restriction Requirement mailed December 1, 2005, Applicant hereby elects with traverse Group III (claims 23-27), for prosecution in the subject application. The Examiner has failed to indicate how Group II (claims 19-22) and Group III are not disclosed as capable of use together as required by M.P.E.P. §§ 806.04 and 808.01. Therefore, Applicant respectfully request that at least the restriction between Groups II and III be withdrawn and that examination proceed on claims 19-27.

The period for responding extends through January 3, 2006 (January 1, 2006 being a Sunday and January 2, 2006 being a federal holiday). It is respectfully submitted that no fees are due for filing this response; however, the Commissioner is hereby authorized to charge any fees to Deposit Account No. 08-1641.

Applicant, of course, reserves the right to file one or more divisional applications covering the subject matter of the non-elected claims and inventions. Examination on the merits is kindly requested.

Respectfully submitted,
